FOR LIFE

A high-angle, warm-toned photograph of a group of people sitting around a large wooden conference table in a modern office setting. The scene is dimly lit, with light coming from windows in the background, creating a focused and collaborative atmosphere. Several people are visible, some looking at documents or laptops. The overall mood is professional and intellectual.

The proper use of a Mastermind Group is the cornerstone to all great achievement, and it is one of the steps that people most often overlook. A Mastermind Group allows us to draw freely from the experience, training, skills, and knowledge of others who align with our definite major purpose. The resulting benefits include a magnification of the combined qualities of each member, as well as increased courage, faith and a host of other positive advantages.

Who are You?

You're a motivated NT determined to make an impact on many people's lives with the incredible knowledge you have. You are also serious about creating a sustainable business and are not interested in simply being a "hobbyist". But you have reached a point where you need high calibre expert help, direction and unrivaled support to take you and your business to the next level. Most NTs think their income can only be occasional, unpredictable and largely out of their control especially during economic difficulty.

...these are false beliefs and exactly what we are here to help with.

95%

According to research by Harvard University Psychologist Dr David McClelland, the people you habitually associate with determine as much as 95% of your success in life.

To be successful long-term, you need to be intentional with the people you surround yourself with. You need people who will support your progress towards your goals.

Are you ready to be intentional?

Let us ask you...

- Are you working hard but not earning enough?
- Are you called to grow your business YOUR WAY and just need help to work out what that is?
- Are the people you surround yourself with helping you grow into your fullest potential?
- Do you feel you could have a bigger impact if you knew how?
- Do you need inspiration and support from experienced mentors and other motivated, passionate, experienced NTs?
- Are you ready to step up to the next level and want to know how?

We know how you feel. We've been there ourselves.....

Nicki & Gwen

- Both NTs, Nicki and Gwen have 25 years of experience building successful businesses of their own, on their own terms.
- They have successfully created diverse, reliable income streams by implementing different business strategies and models that work for them.
- More importantly, they have helped thousands of NTs to start and grow their clinics and businesses whilst inspiring them to shine out of their comfort zones, conquer their fears and create simple but profitable businesses and practices that they love, on their own terms.

ACCELERATE MASTERMIND

The Accelerate Mastermind is an **exclusive group** for established NTs who are on a mission to increase their income and impact - **on their terms, in alignment with their true selves, without burning out**

There's nothing like this on offer in the NT world!

It's not for everyone, but it's perfect for those of you that want to step up to the next level but just need that helping hand. You realise that you need to step outside your comfort zone but **it's easier (and more fun) with the support and expertise of others**. This way you'll reap the rewards that deep down you know you are capable of.

The People

- When you join this group, you join a team of fellow NTs all striving to reach their potential and on the way having more income, impact and freedom but on their own terms. An inner circle of cheer leaders and supportive colleagues who can help you get unstuck, and move to your next level whatever that looks like for you. It will also be a place to share your own insights and help others succeed, since helping others is one of our highest values as NTs and one that gives us incredible fulfilment.

CAN YOU IMAGINE how empowered you'd feel with this kind of support?

- The Accelerate Mastermind Group is a safe, collaborative, growth-minded and supportive space to make you feel **EMPOWERED** to go after that next level of growth in your business. Success looks like different things to different people - we will only work on **YOUR** version.

The journey

- We don't do one-size-fits-all strategies or advice. Together we get right to the heart of your business and vision, helping you work out your next steps and fast track your progress more than you thought possible. If you're ready to think bigger and aim higher, this is your Accelerate journey.
 - You will be gifted with a high end Archetype Profiling System and questionnaire at the start of your Accelerate journey which will serve as your blueprint for creating the business that is right for you, plus you will have access to your own "Mindset Toolbox" and personalized expert mindset coaching to address the limiting beliefs and money blocks that are holding you back.
